Pennsylvania Senate

Regarding: Tec Centro Support

To Whom It May Concern:

Like many other employers, in Central Pennsylvania, LSC Communications has several vacant positions to fill. Tec Centro has been instrumental in providing us with bilingual and Spanish speaking only candidates. They offer to conduct job fairs and ESL classes for our employees, as well as Spanish classes for our leaders. They have become a vital partner of ours.

Please let me know if you need any additional information. I can be reached by phone at: (717) 293-2009 or by email at: ronald.g.jones@lsc.com.

Respectfully,
